

# Join us at the Dutch Pavilion during Singapore International Water Week (SIWW)

Held bi-annually, the event welcomes global leaders from business, government and academia to discuss innovative water solutions. Taking place from 15-19 June 2026 at the Marina Bay Sands Convention Centre, SIWW is organised in parallel with the Singapore CleanEnviro Summit.

This year's event features distinct topics such as **water technology** and **coastal and flood resilience** and is a unique opportunity for the Dutch water sector to showcase collaborative and integrated experiences on such projects as coastal and urban resilience to participants from the wider Southeast Asia region.

## We look forward to welcoming you in Singapore

Participation in the Pavilion and at SIWW events will highlight and strengthen the already strong position of the Dutch sector and open up greater business and research and development opportunities.

## Join the NL Pavilion and receive:

- 2 exhibitor passes for your organisation.
- A company booth at the pavilion with a desk and a locker.
- A general interactive touchscreen to engage with visitors.
- Priority for the use of network space (high chairs and tables) at the pavilion.
- 2 time slots for presenting products and/or services at the pavilion.
- 1 day of afternoon networking drinks at the pavilion during industry night.
- An online awareness campaign for your company booth and a online presskit.
- The possibility to contribute to daily thematic panel discussions at the exhibition floor stages (t.b.c.).
- The possibility to contribute to an afternoon NL-ASEAN5 side-event at the meeting space above the exhibition floor (t.b.c.).

The costs for participation are € 4,000 ex VAT. Interested in taking advantage of this unique opportunity, please email Tessy Miltenburg ([tessymiltenburg@pino.nl](mailto:tessymiltenburg@pino.nl)).
