- **Group 2 Thailand/Philippines/Lao+TL**

Government of the Netherlands

COFFEE BREAK

15:00-15:30 hrs.

Government of the Netherlands

15:30-16:45

Reflection of 3 Days Cross- Learning

Liliane Geerling

Government of the Netherlands

DAY 1 — From plans → implementation

DAY 2 — From projects → transformative NBS

DAY 3 — From ideas → finance & action

Government of the Netherlands

Take three sticky notes, one per day, and write:

- What is one idea from this day that stayed with you?
- What surprised you or challenged your thinking?
- What question are you still carrying with you?

Put every sticky note on the flip-over sheet

Government of the Netherlands

Sit in your country team again and discuss and write down:

1. Before these three days, what did you think about climate adaptation implementation that you think differently about now?
2. What is one lesson from another country, organisation or case that you could potentially apply in your own context?
3. What is one barrier that became clearer to you during these three days — and what might help overcome it?

Government of the Netherlands

What do you want to carry from the cross-learning event to COP 31 in Antalya?

What messages from our discussions should reach COP31?

What evidence or examples from ASEAN do you want to showcase?

What and/or whom do you need to develop these further before COP31?

Government of the Netherlands

What topics do you want to address in the next cross-learning event next year in Singapore?

Which support do you need in the meantime?

Composition of delegation team next year?

Government of the Netherlands
