From biodiversity data to 'nature intelligence' to improve financial and economic sector decision-making?

Koos Biesmeijer *Scientific Director*
Marcel Beukeboom *CEO Naturalis Biodiversity Center*

Naturalis Biodiversity Center

A reachable dream:

Everybody has access to data and tools as guidance to act in a biodiversity-positive way

North – South

Private – Public

Small – Large entities

First steps towards an alliance for open data for nature intelligence

EUROPEAN CENTRAL BANK
EUROSYSTEM

Naturalis Biodiversity Center

Natural History Museum

WWF

NGFS

SENCKENBERG NATURFORSCHUNG

Royal Botanic Gardens Kew

First steps towards an alliance for open data for nature intelligence

Users benefit from structured networks like the NGFS

Knowledge institutes lack this structure

Building trusted entry points for banks and others to gain actionable insights

Bring science and finance closer

First steps towards an alliance for open data for nature intelligence

Open

Inclusive

Collaborative

First steps towards an alliance for open data for nature intelligence

This session:

1 The user needs

insights shared by NGFS, FfB Foundation and IFAD

2 The nature intelligence side
WWF-NL, NHM London,
UNEP-WCMC, Senckenberg Nature Research

3 The next steps

The user needs: *three perspectives*

Gonzalo García-Trujillo
Senior Economist

Central Bank of Chile
NGFS

Natacha Boric
Head of Policy and Positive Impact
Finance for Biodiversity Foundation

Jack Rossiter
Senior Global Technical Specialist Env & Climate

IFAD

What should an alliance (not) be ?
